Safety Shoes

TM

Safety Shoes with Steel Toe; These shoes have a rust resistant steel toe which gives both comfort and safety. These shoes also have an additional toe strip and comfortable padding for the ease of usage. These easy to wear and maintain shoes are manufactured using breathable polyester. The insole sweat free lining comes with foam and ensures that foot odour is at bay. The shoe is chemical resistant. Its heel has been specifically designed for providing strength and protection. The abrasion free technique and the antislip outsole ensure that your feet remain safe. These shoes help you from slipping or tripping.
